MR. MCCORMACK

MEMORANDUM FOR: Colonel Alfred McCormack

25X1X7

Subject: Release of ORI Reports [REDACTED]

25X1X7

1. [REDACTED]

is revising its catalogue on Topographic Intelligence Publications and wishes to obtain listing of distributed ORI publications in this field.

2. This catalogue is the only such in existence. It is distributed widely in this country and has proved of great value. Previously, the War Department, Navy Department, and OSS had provided lists of their studies for the catalogue. The catalogue also covers German and some other foreign intelligence.

25X1X7

3. From a working standpoint it would be most desirable to furnish [REDACTED] with the revised list of ORI topographic publications which were distributed rather widely. The War Department is correcting its previous contribution. Inasmuch as the studies listed are primarily static in nature, the security problem is not as great as with other types of studies; furthermore, some few touchy publications could be left off the list.

25X1X7

4. I understand that if such a list is not given to the [REDACTED] they will make a request through channels to endeavor to obtain them.

JCS Declassification/Release Instructions on File

If War Dept furnish lists then we should.

Otherwise we will have to wait for formulation of policy

now in process by JCS.
